

Storm water management issues are everywhere. NPDES Phase II Rules are the next step in the EPA's Clean Water Act to preserve, protect and improve the Nation's water resources from polluted storm water runoff and mandate the implementation of BMPs (Best Management Practices). Designed to reduce storm water runoff pollution, NPDES guidelines regulate highway and other construction and land disturbance activities, industrial activities and Municipal Separate Storm Sewer Systems (MS4s).

Pennsylvania's E & S and Stormwater Best Management Practice Manuals contain a variety of example BMPs or measures used to reduce the amount of pollution entering surface waters, air, land or ground waters. This workshop will provide guidance on how the geosynthetic products and technologies presented can be utilized as alternates or components of many of the structural or non-structural BMPs in those manuals. Geosynthetics can also serve as a part of a BMP "Treatment Train".

Special thanks to our co-sponsors for providing lunch and snacks and subsidizing the cost of this workshop.

GEOSYNTHETIC BMPS FOR STORM WATER MANAGEMENT

One-Day Workshop

October 25th, 2007

8:30 AM to 4:00 PM

Harrisburg Area Community College (HACC)
C.Ted Lick Wildwood Conference Center
Harrisburg, PA

Eligible for 6.0 Pennsylvania Continuing Education Clock Hours through ASLA PA/DE

Eligible for 6.0 CPESC PDUs (Professional Development Units) from CPESC

Learning Objectives:

At the completion of this workshop, participants will have a basic understanding of the selection, design, benefits, permitting, limitations and installation of a variety of geosynthetic solutions for sediment control, erosion prevention, thermal pollution reduction, runoff management and site stabilization. Both generic and product specific examples of geosynthetic solutions will be presented.

Who Should Attend:

Engineers, Landscape Architects, planners, contractors, inspectors and Conservation District, Municipal, County, State, MS4, and watershed association staff who are involved in the design, specification, construction, maintenance and regulatory issues related to storm water management and watershed protection.

Workshop Instructor

Warren Cohn, CPESC BMP Product Specialist

Warren has been assisting engineers, contractors and regulators with geosynthetic solutions to storm water management for over 18 years. Warren is a Certified Professional in Sediment and Erosion Control (CPESC) and also an authorized instructor of the CPESC Review Course, and was a member the PA BMP manual Oversight Committee.

For directions to this Workshop and information on other Workshops and CPESC Review Courses and Exams, please visit the calendar tab at www.ACF-BMPS.com

REGISTRATION INFORMATION

- ◆ Space is limited so please register at your earliest convenience.
- ◆ Registration and Continental Breakfast begins at 8:00 a.m.
- ◆ A registration confirmation will be sent to each participant.
- ◆ For additional information, contact Warren Cohn, CPESC @ 888-856-4505 or wcohn@acfenvironmental.com

Geosynthetic BMPs for Storm Water Management

8:30 - 10:15 Sediment Control and Erosion Prevention

Perimeter Controls, Inlet Protection, Filter Bags and Tubes, Polyacrylamide (PAM), Erosion Control Blankets.

10:15 - 10:30 Break

10:30 - 12:00 Sediment Control and Erosion Prevention (con't)

Hydraulic applications, Turf Reinforcement Mats (TRMs), Scour Prevention, Transition Mats, Articulating Concrete Blocks (ACBs)

12:00 - 1:00 Lunch

1:00 - 2:30 Run-off Management

Underground Storage, Pre-treatment, Liners, Pervious Parking and Vehicle Access Treatments

2:45 - 4:00 Site Stabilization

Cellular Confinement (Load Support, Slope Protection, Earth Retention), MSE Green Walls, Geotextiles and Geogrids, Earth Anchors.

Please register me for:

BMP Workshop ASCE or ASLA Member	\$30.00
BMP Workshop Non-Member	\$40.00
BMP Workshop Conservation District, PennDOT, PA DEP, EPA, PTA or Municipal personnel	\$15.00
BMP Workshop Late Registration (later than one week prior to workshop date)	\$50.00
Yes, I am requesting Landscape Architecture Continuing Education Credit	\$5.00
Total	

Includes lunch, snacks and workshop materials	

HACC 10-25-07

Mail the registration form with check or purchase order made payable to:
