**Pop Up Parks**: Models of low cost, low risk, temporary transformations with high economic, social and environmental impact on the whole community.

**SITE PLAN - Pop Up Parks** were located near the intersection of State and Main Streets, in the heart of historic downtown.

---

**Project 1**: Reclaiming Street Parking - Sept. 18-19, 2015

**Project 2**: Reclaiming a Parking Lot - Sept. 16-18, 2016

**Project 3**: Reclaiming an Alleyway - Sept. 15 - 17, 2017
Different heights of sonotube planters create undulating topography and provide screening from the street. Red Cedars punctuate the planting, reinforcing the helix pattern.

- Hay-scented fern

View of the park from the corner of Main & State Streets
PHOTO 1: Complete transformation of a parking lot into a green and festive social space in the historic heart of Doylestown, recalling the historic use of the space as a place of gathering for the community.
PHOTO 2: View through the recycled sono tube ‘portal’ backed with grasses and framing the fountain.
PHOTO 3: Recycled stone tubes used as abstract sculptural elements in the planting areas as visual notes to enhance visitor experience.
PHOTO 4: Multipurpose space for the whole community to come together for social events including performances by local artists
A planting island on State Street invites people to the pocket park that replaced the vehicular alley with a colorful and magical place for people.

DESIGN - A series of outdoor rooms with colorful portals, planting, art displays, seating and performance areas.

Canadian goldenrod
Coreopsis
Fountain grass
Grassy-leaved sweet flag
Indian grass
Iris
Mountain fleece
Nepeta
Purple Coneflower

A colorful pop up park transformed Donaldson Street into a *passeggiata*, a pedestrian alley and pocket park that offers a moment of sociability and entertainment for the whole community.
PHOTO 1: Entrance from State Street is marked with a colorful planted island featuring a recycled ceramic sculpture ‘rabbit rules’ by a local artist and a portal made with colorful fabric tassels and panels.
PHOTO 2: A series of festive outdoor rooms provide for many social uses of the spaces included enjoying eating with family, friends and members of the larger community in an unusual and unexpected garden setting replacing an alleyway.
PHOTO 3: Portal of lanterns and fabric creating a seating area with a background of shrubs, grasses and art installation
