## Proposed Job Listing

### **Position: Project Designer**

**Company Description:** Site Design Concepts is an award-winning professional engineering, surveying, landscape architecture, and municipal services firm headquartered in historic downtown York, Pennsylvania. SDC was founded in 1994 with a passion to provide great service to our Clients, while designing Project Sites that are innovative, constructible, and cost-conscious. We work diligently to support our Client's efforts, advocate for their Projects, and contribute to their success while maintaining a collaborative company culture.

We are searching for a motivated individual to join our growing team of professionals as we design the communities in which we live, work, and play. Qualified candidates must have high-level verbal and written communication skills, excellent computer skills (AutoCAD Civil 3D and Microsoft Office at a minimum; Adobe Creative Suite is helpful) and a strong work ethic.

**Job Description:** As a Project Designer, you will use your site design knowledge and CADD skills to create a wide variety of land development projects through preparation of site layout, grading, utility, stormwater management, erosion and sediment control, NPDES, PennDOT HOP and other related permit and construction plans. You may also be asked to use your graphic ability to create rendered presentation plans.

### **Position Requirements:**

1. Associate's degree in Computer Aided Design and Drafting or Civil Engineering Technology, or a bachelor's degree in Civil Engineering or Landscape Architecture, with 3-5 years of related experience.
2. EIT or ASLA/PLA designation is helpful, but not mandatory.
3. Strong organizational, technical, and communication skills.
4. Strong proficiency in AutoCAD Civil 3D.
5. Proficiency in Microsoft Office.
6. Working knowledge of Adobe Creative Cloud is helpful.

We expect you to work hard and have fun while utilizing your experience, CADD knowledge, and communication skills to further your career. SDC offers quarterly employee appreciation outings, professional development opportunities, a business casual dress code, collaborative culture, flexible schedule, and a competitive pay and benefits package that is scalable with experience, including bonuses and a 401k plan with company match.
