Landscape Architect

National Projects. Small-Town Lifestyle. Endless Outdoor Access.

Larson Karle Architects is seeking a talented and motivated **Landscape Architect** to join our team in **Warren, Pennsylvania**.

With three offices across Pennsylvania—Warren, Pittsburgh, and Erie—we serve clients and work on projects throughout the United States. This provides our team with the opportunity to contribute to a diverse range of projects, from small-scale assignments to large, complex developments, while working alongside experienced professionals, consultants, owners, and contractors.

The Opportunity:

As a Landscape Architect, you will be an integral part of our project teams, contributing to projects from concept and design through documentation and construction administration. You will work collaboratively to deliver high-quality projects on time and within budget, with increasing responsibility as your experience and project involvement grows.

The ideal candidate has strong communication and organizational skills, along with the ability to translate design concepts into practical, buildable solutions. A successful candidate will be comfortable working collaboratively while also taking ownership of their responsibilities and deadlines.

Responsibilities & Experience:

- Participate in a variety of small- to large-scale landscape architecture projects.
- Collaborate with staff, consultants, owners, and contractors throughout the project process.
- Assist with design development, construction documentation, and construction administration.
- Translate conceptual design ideas into practical, detailed solutions.
- Apply knowledge of site planning, layout and grading, plant materials, and construction detailing.
- Coordinate with consultants and other members of the project team.
- Develop an understanding of and work with applicable zoning and land development codes.
- Maintain quality standards while meeting project schedules and budgets.
- Take on increasing responsibility as experience and project size grow.

Qualifications:

- Degree in Landscape Architecture or equivalent required. (immediate licensure not required)
- Proficiency in AutoCAD, Adobe Photoshop, and Microsoft Office Suite.
- Strong communication and organizational skills.
- Demonstrated conceptual and practical design ability.
- Basic technical knowledge and exposure to:
    - Site Planning
    - Layout and Grading
    - Plant Materials
    - Construction Detailing
    - Consultant Coordination
- Ability to work effectively as part of a multidisciplinary project team.

Why Warren, Pennsylvania?

You don't have to choose between a nationally connected career and an exceptional quality of life. Our Warren office gives you the opportunity to work on projects serving clients across the country while living in a beautiful small-town community surrounded by some of Pennsylvania's best outdoor recreation.

If you enjoy kayaking, boating, biking, hiking, fishing, hunting, camping, or simply spending time outdoors, Warren offers exceptional access to it all. You'll have the opportunity to build your career and enjoy the kind of lifestyle that can be difficult to find in a larger city.

Work nationally. Live locally. Get outside.

It's a unique opportunity to build a rewarding career in landscape architecture while enjoying a community where nature, recreation, and quality of life are right outside your door.
